Complainant,

v.

James Gabriel Collard (CRD No. 2812378),

Respondent.

Disciplinary Proceeding
No. 20120342425-01

Hearing Officer — MJD

**ORDER ACCEPTING
OFFER OF SETTLEMENT**

September 23, 2016

INTRODUCTION

Disciplinary Proceeding No. 20120342425-01 was filed on March 11, 2016, by the Department of Market Regulation of the Financial Industry Regulatory Authority (“FINRA” or “Complainant”). Respondent James Gabriel Collard (“Collard” or “Respondent”) submitted an Offer of Settlement (“Offer”) to Complainant on September 15, 2016. Pursuant to FINRA Rule 9270(e), the Complainant and the National Adjudicatory Council (“NAC”), a Review Subcommittee of the NAC, or the Office of Disciplinary Affairs (“ODA”) have accepted the uncontested Offer. Accordingly, this Order now is issued pursuant to FINRA Rule 9270(e)(3). The findings, conclusions and sanctions set forth in this Order are those stated in the Offer as accepted by the Complainant and approved by ODA.

Under the terms of the Offer, Respondent has consented, without admitting or denying the allegations of the Complaint (as amended by the Offer), and solely for the purposes of this proceeding and any other proceeding brought by or on behalf of FINRA, or to which FINRA is a party, to the entry of findings and violations consistent with the allegations of the Complaint (as amended by the Offer), and to the imposition of the sanctions set forth below, and fully

understands that this Order will become part of Respondent's permanent disciplinary record and may be considered in any future actions brought by FINRA.

BACKGROUND

1. Respondent Collard entered the securities industry in 1997 when he became associated with a FINRA member and first became registered in 1998 as a General Securities Representative. He was associated with two FINRA member firms from 1997 to October 2011.

2. In October 2011, Collard joined and became registered with Further Lane Securities, L.P., which at all times relevant to this Order was a FINRA member firm, where he was registered as a General Securities Representative and as a Limited Representative – Investment Banking.

3. In November 2013, Collard terminated his association with Further Lane and became associated with another FINRA member firm. On September 13, 2016, Collard's employing FINRA member firm filed a Form U5 terminating his registration. Collard is not currently employed in the securities industry.

4. Pursuant to Article V, Section 2 of FINRA's By-Laws, Collard is subject to FINRA's jurisdiction for purposes of this proceeding because he was registered with a FINRA member firm when the Complaint was filed, and the Complaint charges him with securities-related misconduct committed while he was registered with Further Lane.

FINDINGS AND CONCLUSIONS

It has been determined that the Offer be accepted and that findings be made as follows:¹

5. Further Lane Securities was headquartered in New York, New York, with branch

¹ The findings herein are pursuant to Respondent Collard's Offer of Settlement and are not binding on any other person or entity named as a respondent in this or any other proceeding.

offices in San Francisco, California; Boerne, Texas; and East Hampton, New York. The branches were not Offices of Supervisory Jurisdiction.

6. From October 2011 through November 2013, Collard worked in Further Lane's office in Boerne, Texas.

7. Collard was the registered representative for the account of ABC, a registered investment adviser owned and operated by SH, who provided services to retail customers.

8. Collard engaged in a practice of establishing bond ladders for ABC's customers. A bond ladder consists of multiple bonds with different maturity dates to protect against interest rate risk. As one bond matures, the proceeds can be reinvested in another bond at prevailing interest rates.

9. To establish a bond ladder, Collard selected a group of bonds with different maturity dates. He gave SH a proposal that identified SH's individual customer and provided details about the proposed portfolio, such as the bonds that would form the portfolio, the prices of the bonds to the customer, and graphs and charts showing the portfolio's projected performance. Collard placed limit orders with one of Further Lane's traders in New York or San Francisco to build the ladder. The trader executed the trades, reported the execution prices back to Collard, and then utilized a journal entry to move the bonds from the trader's account to Collard's account with a markup for the trader. Collard then sold the bonds to SH's retail customer with an additional markup. As a result, Collard marked up each transaction for ABC's customers twice.

10. Collard determined the markups on the bond purchases; he told the traders what their markups would be for executing an order, and he set the markups that ABC's retail customers were charged.

11. From February 2012 through June 2012, Collard charged excessive markups in 55 transactions, 53 of which were for ABC's retail customers, and two of which were for retail customers of another investment adviser, DEF. In some instances, Collard established nearly identical ladders for multiple customers following a cookie-cutter approach, charging excessive markups on the individual transactions for the first ladder, and then charging excessive markups on the individual transactions for the duplicate ladders. The 55 transactions are set forth in Exhibit 1, which is attached hereto and incorporated by reference.

12. The total markups that Collard charged on each transaction ranged from 3.06 percent to 6.94 percent; the average markup was 5.07 percent; the median markup was 5.3 percent; and in 32 transactions, the markups exceeded five percent, including eight transactions that exceeded six percent.

13. In effecting the 55 corporate bond transactions identified in Exhibit 1, Collard sold to customers corporate bonds at prices that were not fair, taking into consideration all relevant circumstances, including market conditions with respect to such securities at the time of the transactions, the expenses involved, that the firm was entitled to a profit, and the other relevant factors set forth in NASD IM-2440-1 and IM-2440-2.

14. Based upon the foregoing conduct, Collard violated NASD Rule 2440, IM-2440-1, IM-2440-2, and FINRA Rule 2010.

Based on these considerations, the sanctions hereby imposed by the acceptance of the Offer are in the public interest, are sufficiently remedial to deter Respondent from any future misconduct, and represent a proper discharge by FINRA of its regulatory responsibility under the Securities Exchange Act of 1934.

SANCTIONS

It is ordered that Respondent be suspended from association with any FINRA member in any capacity for ten business days; that Respondent be fined \$5,000; and that Respondent pay as his share of restitution to the customers listed on Exhibit 2 hereto in the total amount of \$28,004.27 plus interest, as provided in Exhibit 2.

Respondent Collard shall submit satisfactory proof of payment of restitution or of reasonable and documented efforts undertaken to effect restitution. Such proof shall be submitted to the COMPLIANCE ASSISTANT, LEGAL SECTION, MARKET REGULATION DEPARTMENT, 9509 KEY WEST AVENUE, ROCKVILLE, MD 20850, either by letter that identifies the Respondent and case number, and includes a copy of the check, money order or other method of payment, or by email to **MarketRegulationComp@finra.org**, with pdf copies of the payment documentation. This proof shall be provided to FINRA no later than 120 days after the date of this Order.

If for any reason Respondent cannot locate any customer identified in Exhibit 2 after reasonable and documented efforts within 120 days from the date of this Order, or such additional period agreed to by FINRA staff in writing, Respondent shall forward any undistributed restitution and interest to the appropriate escheat, unclaimed-property or abandoned-property fund for the state in which the customer is known to have last resided. Respondent shall provide satisfactory proof of such action to FINRA in the manner described above, within 14 days of forwarding the undistributed restitution and interest to the appropriate state authority.

Respondent agrees to pay the monetary sanctions upon notice of this Order and that such payments are due and payable. Respondent has submitted an Election of Payment form showing

the method by which he proposes to pay the fine imposed.

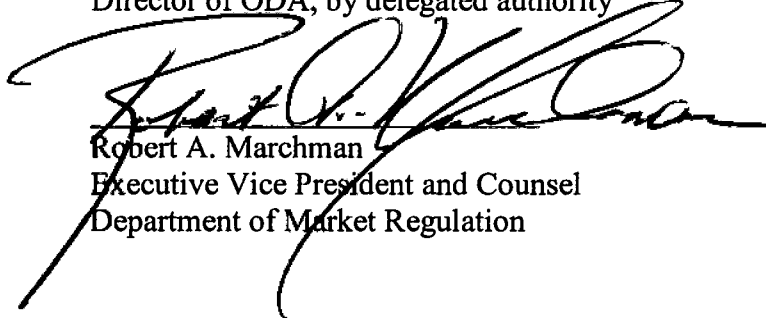

The imposition of a restitution order or any other monetary sanction herein, and the timing of such ordered payments, does not preclude customers from pursuing their own actions to obtain restitution or other remedies.

The sanctions imposed herein shall be effective on a date set by FINRA staff.

SO ORDERED.

FINRA
